What is it?

Buffing Beauty

This limited-edition set comes cased in a chic bronzed pewter brush clutch with a magnetic snap closure and brush holder that loops to securely hold brushes in place while traveling. Enclosed are five professional-quality buffing brushes to create a range of custom looks with 100% pure bareMinerals. From seamlessly applying eyecolor to buffing blush, each brush in this collection is used to help shape and shade every contour of the face for the most natural, flawless application.

bareMinerals The Art of Buffing Brush Collection Details:

- Launches October 2008 in all channels
- Limited edition brushes

Features and Benefits:

- Designed specifically for bareMinerals "Swirl, Tap, Buff" application
- Provide the most natural, flawless application
- Only the finest quality of hairs are used
- Tapers are perfectly sized for each application use, from broad, all-over face to fine detailing
- Provide a range of sheer-to-full coverage options

6-piece limited edition custom-colored bareMinerals The Art of Buffing Brush Collection contains:

- **Handy Buki Brush** - The extended handle on this full, plush brush provides a fast and perfectly controlled application of bareMinerals all over and precise application around the eyes and nose. With its full, firm small brush head, it provides full, precise application to fine features on the face.
- **Angled Blush Brush** - This small, light-to-medium coverage, angled brush has soft-tapered bristles that fit perfectly in cheek contours for defined cheekbones with bareMinerals Blush or All-Over Face Color.
- **Tapered Shadow Brush** - This versatile, tightly tapered, dome-shaped brush doubles as both a contour eyeshadow brush and eyeliner brush. Perfectly apply color to small areas like the lid, or use the tip to expertly buff liner shadow along the lash line.
- **Crease Defining Brush** - This soft, long-tapered, medium-textured brush is perfect for buffing back and forth in the crease contour for definition and also allows precision application. Allows more freedom of mobility to buff from any angle.
- **Slanted Liner Brush** - Our tight, finely-pointed Eyeliner Brush with a bent-tip allows liner shadow to be applied more easily than ever. All you need to do to create a precise line is hold it horizontally and follow the natural curve of your lash line. Can be used wet or dry to achieve multiple effects.
- **Bronzed Pewter Brush Clutch** - Great to hold your favorite Bare Escentuals tools or as an accessory for a night out on the town.
